

Education and Care First Aid

This course specifically designed to meet the needs of people working in the childcare and early childhood learning industry. It is tailored towards anyone working with children.

It covers child-specific first aid in high-risk conditions such as anaphylaxis and asthma, and common injuries and resuscitation.

The Australian Children's Education & Care Authority has endorsed this course as meeting their requirements for anaphylaxis, asthma, and first aid training.

COURSE DURATION

St John offers the following options:

- 2 day (face to face workshop): This is full face to face course and participants are required to attend both the days.
- 1 day (face to face workshop with prework): This is face to face course and with online prework. Participants are required to undertake online e-learning module prior to attending the face to face workshops for practice and assessment. Participants are required to undertake online e-learning module prior to attending the face to face workshops for practice and assessment.

CERTIFICATE

On successful completion of this course you will be issued a statement of attainment in:

- HLTAID009 Provide cardiopulmonary resuscitation
- HLTAID012 Provide First Aid in an education and care setting

St John recommends, as per the First Aid in the Workplace Code of Practice and the Australian Resuscitation Council guidelines, that first aid skills are renewed every 3 years and resuscitation skills (HLTAID009/HLTAID0015) are renewed every 12 months.

COURSE OUTLINE

This course covers the following:

- CPR techniques on infants, children, and adults
- DRSABCD action plan
- Managing the unconscious breathing casualty
- Incident reporting in a childcare setting
- Using AED's on adults and children
- Allergic reactions and anaphylaxis
- Asthma and breathing difficulties
