

Emergency First Aid

This course will provide you with the skills to manage emergency first aid situations, including managing the unconscious casualty, performing CPR, controlling bleeding, and managing other life-threatening and non-life-threatening situations. It is suitable for people in workplaces and members of the public who want to be able to manage an emergency first aid situation.

COURSE DURATION

St John offers the following options:

- 4.5 hours face to face workshop: This is full face to face course and participants are required to attend the full session.

CERTIFICATE

On successful completion of this course you will be issued a statement of attainment in:

- HLTAID009 Provide cardiopulmonary resuscitation
- HLTAID010 Provide basic emergency life support

St John recommends, as per the First Aid in the Workplace Code of Practice and the Australian Resuscitation Council guidelines, that first aid skills are renewed every 3 years and resuscitation skills (HLTAID009/HLTAID0015) are renewed every 12 months.

COURSE OUTLINE

This course covers:

- How to manage a first aid scenario
- Infection control
- Cardiopulmonary resuscitation (CPR)
- Defibrillation
- Wounds and bleeding
- An unconscious breathing person
- An unconscious non-breathing person (includes CPR and use of an AED)
- Burns
- Choking
- Chest pain
- Stroke
- Allergic reactions and anaphylaxis
- Asthma
- Shock

ASSESSMENT METHODS

A successful outcome for this statement of attainment will be determined by a range of different methods including written assessment, observation of simulated and practical activities etc.

You will be required to demonstrate CPR on a manikin on the floor.
