

Education and Care First Aid

HLTAID009 Provide cardiopulmonary resuscitation
HLTAID010 Provide basic emergency life support
HLTAID011 Provide First Aid
HLTAID012 Provide First Aid in an education and care setting

Overview

This course is specifically designed to meet the needs of people working in the childcare and early childhood learning industry. It is tailored towards anyone working with children.

It covers child-specific first aid in high-risk conditions such as anaphylaxis and asthma, and common injuries and resuscitation.

Course Duration

St John offers the following options:

- 1 day face-to-face workshop with prework: This is a face-to-face course with online prework. Participants are required to undertake an online e-learning module prior to attending the workshops for practice and assessment.

Certificate

On successful completion of this course you will be issued a statement of attainment in:

- HLTAID009 Provide cardiopulmonary resuscitation
- HLTAID010 Provide basic emergency life support
- HLTAID011 Provide First Aid
- HLTAID012 Provide First Aid in an education and care setting

St John recommends, as per the First Aid in the Workplace Code of Practice and the Australian Resuscitation Council guidelines, that first aid skills are renewed every 3 years and resuscitation skills (HLTAID009/HLTAID015) are renewed every 12 months.

Course Outline

The course covers the following:

- CPR techniques on infants, children, and adults
- DRSABCD action plan
- Managing the unconscious breathing casualty
- Incident reporting in a childcare setting
- Using AED's on adults and children
- Allergic reactions and anaphylaxis
- Asthma and breathing difficulties
- Managing medical conditions such as epilepsy
- Managing shock, seizures, bites, stings
- Head, neck and spinal injuries
- Chest and abdominal injuries
- Facial and eye injuries
- First Aid procedures for bleeding, burns and fractures
- Infection control procedures
- Legal responsibilities of a First Aider
- Safety and risk management

Assessment methods

A successful outcome for this statement of attainment will be determined by a range of different methods including written assessment, observation of simulated and practical activities, etc.

You will be required to demonstrate CPR on a manikin on the floor.
