

Perform rescue from a live low voltage panel on SJx

HLTAID009 Provide cardiopulmonary resuscitation
UETDRRF004 Perform rescue from a live LV panel

Overview

This course provides participants with the skills to manage common first aid situations that can arise in an electrical services industry environment, including rescue from low voltage panels. It is suitable for people employed as electricians and others employed in the electrical services industry.

Pre-requisite Unit

To enrol in UETDRMP018 Perform rescue from a live LV panel, individuals must first complete HLTAID009 Provide cardiopulmonary resuscitation. This program allows participants to complete both units of competency in the same booking.

Course Duration

St John offers the following options:

- 6.5 hours face-to-face workshop: This is full face-to-face course and participants are required to attend the full session.

Certificate

On successful completion of this course you will be issued a statement of attainment in:

- HLTAID009 Provide cardiopulmonary resuscitation
- UETDRMP018 Perform rescue from a live LV panel

St John recommends, as per the First Aid in the Workplace Code of Practice and the Australian Resuscitation Council guidelines, that first aid skills are renewed every 3 years and resuscitation skills (HLTAID009/HLTAID015) are renewed every 12 months.

Course Outline

The course covers the following:

- Introduction to low voltage principles
- Managing the unconscious, breathing casualty
- Cardiopulmonary resuscitation (CPR)
- DRSABCD action plan
- Burns
- Legal issues
- Defibrillation awareness
- Infection control
- Hazards and risk management
- Identifying and labelling the isolation point
- Performing a rescue from a low voltage (LV) panel

Assessment methods

A successful outcome for this statement of attainment will be determined by a range of different methods including written assessment, observation of simulated and practical activities, etc.

You will be required to demonstrate CPR on a manikin on the floor.

Locations

St John delivers first aid courses nationally and across many locations in Australia. Choose the location to suit your needs.

- Public (at a venue near you)
- Onsite (at a venue of your choice)
- Online (some training can be delivered online)

Delivery by St John RTO Partners

St John Ambulance (SA) delivers nationally recognised training and assessment on behalf of St John Ambulance Australia (RTO 88041).

Contact details for all partner organisations are available from stjohnsa.com.au or call 1300 ST JOHN (1300 78 5646).

Participant's Handbook

Download the [Participant's Handbook](#) from stjohnsa.com.au for more information about completing a course with St John Ambulance Australia. This includes information about complaints, appeals and privacy information.

We actively tailor training to meet the needs of people from diverse backgrounds and abilities and encourage all to apply.

For more information on this course, contact the Training Office in your area.
